

# OPTIONAL EXTRAS

## EXTRA ROOMS

Tent not big enough? We can fix that! You can add a kid's room or additional annexe. Or maybe you just need an extra awning. All our awnings come standard with zippers sewn on, so you can start with the awning, then add the walls later. All our walls are double layered canvas over mesh. You can have a fully enclosed mesh room or use the canvas walls as awnings.

## WATER TANK

All our trailers are manufactured with mounts for a metal shroud to house a 70 litre Poly water tank. Water tank kits can be purchased to install yourself. But if you don't want the hassle, let us plumb it for you. We can also fit an external tap for the ease of washing hands, feet or to fill a bucket or tub.

## SIDE DOORS

If you need more access to your trailer, we can fit a side door or 2 side doors, one on each side. Maybe you need storage boxes on rear infills. Ask one of our friendly staff.

## KITCHENS

We can fit a timber kitchen to your tail gate or if you like a certain cooker, sink, etc we can fabricate a steel kitchen to suit.

## GENERAL CANVAS WORK

At BELL CANVAS, we can do all types of canvas work, whether it be an annexe for your caravan, a cover for your ute or trailer or maybe a shade sail or shade structure. Whatever it is you desire, we can make it!
